Our Mandate & Vision

M/s Jivan Bharti Life Society is a premier non-profit development agency registered under the Societies Registration Act (Reg. No. HR016201800325). Headquartered in Narnaul, Mahendragarh (Haryana), the Society has established a robust operational footprint dedicated to empowering youth, women, and marginalized sections through quality vocational skill training, rural enterprise facilitation, and holistic community welfare.

Our organizational philosophy centers on breaking the cycle of poverty and economic vulnerability by facilitating direct access to formal NSQF-aligned qualifications, job linkages, and dignified self-reliance. We envision a vibrant society where rural youth possess technical competencies matching the evolving demands of modern industries and decentralized craft clusters.

During the financial year **2023–24**, the Society scaled its operational and skilling framework substantially, achieving gross project receipts of **₹98.03 Lakhs**. Our initiatives concentrated heavily on door-to-door rural mobilization, high-standard residential boarding and nutrition for trainees, customized professional toolkits, and comprehensive placement partnerships across key industrial regions.

Rajbeer Yadav
President / Chairman

It brings me profound satisfaction and joy to place before you the Annual Report of **M/s Jivan Bharti Life Society** for the Financial Year **2023–24**.

FY 2023–24 has been an exceptional year of institutional expansion, professionalization, and scale. With program operations crossing ₹98 Lakhs, we significantly intensified our grassroots candidate mobilization, ensuring that the most marginalized rural youth receive access to fully sponsored vocational learning, nutritious food, boarding facilities, and standardized uniform kits.

Our dedicated instructors, project managers, and placement coordinators worked tirelessly across multiple state initiatives and local industry clusters. Through proactive employer engagement, business promotion drives, and job fairs, we successfully enabled gainful wage employment and entrepreneurial opportunities for hundreds of graduates.

Alongside skilling, our cultural celebrations, staff welfare initiatives, tree plantation campaigns, and Gaushala support programs continued to strengthen community bonds. I express sincere gratitude to our funding bodies, industry partners, team members, and community elders for their continued faith and solidarity in our nation-building mission.

In FY **2023–24**, M/s Jivan Bharti Life Society concentrated its strategic interventions on holistic student support, extensive candidate mobilization, industry integration, and inclusive social development:

INTENSIVE GRASSROOTS CANDIDATE MOBILIZATION

In FY **2023–24**, mobilization emerged as the primary operational pillar of Jivan Bharti Life Society. With a dedicated program investment of **₹11,40,698** in mobilization alongside ₹4,08,748 in regional conveyance, our outreach teams penetrated remote rural villages, tribal pockets, and peri-urban clusters.

We conducted village-level awareness camps, parent counseling sessions, and youth diagnostic workshops in collaboration with Gram Panchayats. These drives specifically targeted school dropouts, economically weaker youth, and female candidates to orient them toward dignified vocational learning.

By removing socio-cultural hesitations and presenting clear career pathways, the Society mobilized and enrolled hundreds of committed learners across our skill training centers.

Enrolled learners were provided hygienic dormitory boarding and three wholesome, nutritious daily meals free of cost. This enabled full immersion into learning without financial burden or daily travel fatigue.

The campus environment fostered discipline, routine study habits, teamwork, and overall personality development, resulting in excellent batch retention and high assessment passing rates.

TRAINEE UNIFORMS & SPECIALIZED TOOLKITS

Instilling professional identity and workplace discipline is fundamental to our training model. In FY **2023–24**, the Society expended **₹4,15,867** exclusively on providing customized trainee uniforms, personal protective equipment (PPE), and sector-specific toolkits.

Every candidate received branded Skill India uniforms, study materials, safety shoes, ID cards, and practical tool sets essential for technical hand-embroidery, artisanal craftwork, electrical repair, and machine operations.

These toolkits remained the personal property of the trainees upon graduation, equipping them with the immediate assets required to take up workshop employment or freelance self-employment.
